MOBILE WASH SKID

HOT/COLD/STEAM - GAS or DIESEL ENGINE: with 12-volt diesel burner

SS
SERIES

■ Rugged "Pro-TECT-it" Frame:

Hydro Tek's unique "Pro-TECT-it" frame of 1¼", heavy gauge steel, with durable electrostatically applied powder coat finish. The built-in lifting eyes gives you greater flexibility and protection when moving the system.

□ Stainless Steel Panels:

These rugged and durable panels offer lifetime corrosion resistance and protection of your valuable investment from the harshest environments. Keeps your machine looking like new for years to come.

□ Simple to Use Controls:

Lighted rocker switch and panel mounted thermostat for precise burner and steam control.

■ Industrial Engines:

Efficient OHV gas engines with electric key start, low oil shutdown, and cast iron cylinder for maximum duty and performance. Some models equipped with a durable diesel engine for enhanced longevity and efficient operation.

■ Fuel Tanks:

Heavy Duty "roto-molded" rust free fuel tanks with fuel filter to protect against contaminated fuel. Extended run time (up to 8hrs.) eliminates interruptions.

■ Total Relief Unloader - Remote Mounted:

Flow sensitive unloader allows pressure to build up gradually as trigger gun is activated eliminating "pressure spikes" and improving operator control and safety. When the gun is released, entire system pressure is relieved, enhancing system life and eliminating engine starting problems. The unloader is frame mounted eliminating heat exchange and vibration. (Pressure regulator on SS3800 and SS4000)

■ Heating System:

The Ultimate balance of power, efficiency and corrosion resistance in this uniquely designed Hydro Tek schedule 80 coil. Rugged construction suitable for "over the road use" works in harmony with the double wall stainless steel, ceramic insulated housing. Virtually indestructible construction and industry leading performance — years of uninterrupted, worry free service.

■ Flexible, high intensity 12V Diesel Burner System:

Sophisticated 12V burner system transforms available power from system to fire the diesel burner. This efficient burner system offers an economical alternative to provide maximum burner performance. No outside power source is required. (See SC Series for additional 12V skids)

■ Compact Design:

Engineered for versatility and portability. Skid with wheels can easily fit through 30" spaces and doors.

■ Gear Belt Drive or Direct Drive Pump:

These industrial triplex, ceramic plunger pumps outperform the competition in longevity. Direct drive pumps chosen for Hydro Tek skids have been tested, and are rated, to also pull from a water tank without sacrificing performance. High torque, "no slip" gear belt, low RPM drive — cooler, quieter, allows continuous performance.

More Standard Features:

- Burst disc technology for operator safety
- Adjustable temperature up to 250°F with steam setting
- Heavy duty, 50' high pressure hose
- Quick release nozzles
- Soap injection included on all models. Belt drive units have inlet soap injection and a float tank. Direct drive units have downstream soap injection (SS30005VS has downstream soap)

Specifications

Model	PSI	GPM	Temp.	HP	Engine
DIRECT DRIVE MODELS					
SS30003HG	3000	3.0	250° F	9	Honda Gas*
SS32004HG	3200	4.0	250° F	13	Honda Gas
SS35003DG	3500	3.0	250° F	10.3	Kohler Diesel
SS38004VG	3800	4.0	250° F	14	Vanguard Gas
SS40004VC	4000	4.0	250° F	16	Vanguard Gas
BELT DRIVE MODELS					
SS30005VS	3000	5.0	250° F	14	Vanguard Gas
SS30005VH	3000	5.0	250° F	16	Vanguard Gas
SS35005VG	3500	5.0	250° F	16	Vanguard Gas
SS35006VG	3500	5.5	250° F	21	Vanguard Gas
SS34005V+	3400	4.6	250° F	16	Vanguard Gas
SS28005Y+	2800	4.6	250° F	10	Yanmar Diesel

* Pull start engine

+ Hour meter and front panel extension and CAT pump standard

(Refer to SC Series for a few additional 12v skids)

Specifications may vary, consult factory for custom models.

Optional Accessories...

Hour meter, Soap/Chemical injection kit, Turbo nozzle, Hydro Twister-deck and concrete cleaner, Wet sandblast assembly, Hose and wand extensions, Wheel kits, Stainless Steel hose reels, Machine covers, trailers and tank skids, 12v gel battery
